

Valuation & Advisory Services

STRENGTH IN NUMBERS SINCE 1983

At Rivero, Gordimer & Company, we don't just document your past, we help you build your future.

In a rapidly changing economic climate, you need proven valuation and advisory experts to protect and enhance the value of your business; think of it as an investment in your future. Having a solid understanding of your business's value is essential when assessing growth opportunities, resolving disputes, or evaluating acquisitions or possible buyout offers. We focus on where you are going, not where you have been.

Our advisors work as an extension of your company and can provide sensible solutions to get you through your most difficult challenges. We have been a trusted resource for more than 30 years for a variety of businesses large and small throughout the U.S. We support clients with business valuations, merger & acquisition assistance, and guidance through myriad business challenges.

Businesses across industries, from energy to hospitality and almost everything in between, choose to partner with us to access our extensive valuation and advisory experience. We provide tailored solutions that include best practices, relevant research, and industry resources similar to what you would find with top-tier firms in large cities such as New York and Chicago, but with a local, more personalized experience.

When working with our advisory team, we help you navigate complex issues so you can make strategic business decisions necessary to thrive and add value in today's competitive market.

We support our clients with customized advising strategies and offer in-depth knowledge in multiple areas including:

- Business Appraisal
- Intellectual Property / Intangible Asset Appraisal and Licensing
- Transaction Advisory Services
- Quality of Earnings / Financial Due Diligence
- Litigation Support Services / Damage Determination
- Business Succession Planning
- Forensic Accounting
- ESOP Services
- Bankruptcy, Reorganization, and Liquidation
- International Business Operations
